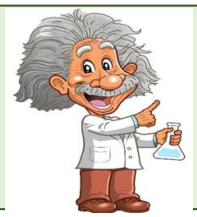
Einstein

Term 1



This term, our learning theme will be **"We're Going on a Bear Hunt"**, inspired by the much-loved story by Michael Rosen. Through a range of exciting and engaging activities, the children will explore the story, develop their language and communication skills, and use their imagination as they journey through grass, rivers, mud, forests, and snowstorms. Our theme will support learning across all areas of the curriculum, encouraging creativity, problem-solving, storytelling, and outdoor exploration. We look forward to sharing this exciting adventure with the children throughout the term!

Maths

We will be continuing to develop our understanding of numbers – exploring different ways to make up numbers, looking at numerical patterns.
Num bots is a fun way to practice addition and subtraction.

Forest School

Forest school will remain on a Tuesday and Wednesday afternoon. Please bring in some wellies and suitable clothing for the weather conditions.

PSHE

In PSHE our topic is Making friends: playing and learning together.

Home Reading .

You can access our school reading books at pupil.collinshub.co.uk, where you will find the books your child has been reading in their sessions at school.
